Academic News: Matric National Senior Certificate 2022 Results

Dear Collegiate Families and Friends

The Class of 2022 have received their National Senior Certificate results and now embark on new adventures. We are 100% proud of our 100% pass rate. All 149 Collegiate candidates who wrote the examinations have qualified to continue their studies at a tertiary level, 94.6% for degree courses and 5,4% for diploma courses. We celebrate the hard work of each member of the Class of 2022 who demonstrated a good work ethic and have reaped their reward. In addition to impressive NSC results, Collegiate had a number of learners enrolled for the IEB Further Studies Mathematics and English programmes. Special congratulations to Robyn Hechter who was invited to the Provincial Top Achievers Award Ceremony where she was announced as the top Nelson Mandela Bay student. She is the worthy recipient of the Eastern Cape's Premier's Scholarship to attend any university in the country.

TOP IN THE GRADE and TOP NELSON MANDELA BAY STUDENT!

Robyn Hechter wrote seven NSC subjects - obtaining over 90% for seven of her subjects:

English HL
Afrikaans FAL
Mathematics
Life Orientation
Accounting
Physical Sciences
Life Sciences

In addition, her average for all seven subjects was an impressive 94%.

This remarkable set of results is astounding, but what is of special significance is the character of this young lady. Robyn did not only excel academically, she also reached out to others so that her peers could achieve academically. She formed a Studying Sisterhood organisation where she co-ordinated tutors who helped learners from Grade 8 to 11 who were struggling with a particular subject or with time management and studying methods. Robyn was also enthusiastic about tutoring and mentoring others, and was willing to sacrifice her own study time to help others. The calibre of this selfless and humble young lady is truly inspirational. She is a worthy recipient of these impressive marks. We are proud of her and congratulate her on her efforts. Robyn has said that she is grateful to her wonderful parents, grandparents, brother, teachers and support system. Her favourite quote is, "Dreams don't work unless you do."

WE CONGRATULATE THE FOLLOWING GIRLS ON ACHIEVING EIGHT DISTINCTIONS EACH:

Caitlyn Burton achieved eight distinctions, two of which were above 90%:

It is a huge honour to report on such excellent results. We are pleased with the grade average of 70.3%. Furthermore, 11 of the 19 NSC subject averages were 70% or more. Impressively, 99.3% of our young ladies achieved above 50% as an aggregate and 16.8% achieved an A aggregate.

It is said that it takes a village to raise a child. Today, while we celebrate the Class of 2022, we also acknowledge the village that played a role in raising our learners to the heights they have attained. The educators have been tireless, committed, driven, patient and have worked with fortitude to be the wind beneath the sails of the Class of 2022. Teaching is often a thankless job, but today is a good time to acknowledge the role that teachers play in the holistic development of learners. We acknowledge the hard work of the learners and the sacrifices made to achieve their goals. We thank the parents and family members who have supported, guided, motivated and empowered. We thank the Collegiate Community who make Collegiate the proud educational institution that it is.

Research shows that success comes to those who strive for wellbeing. PERMA is possibly the most well-known model of wellbeing. Developed by Martin E.P. Seligman (2011), the PERMA acronym represents the elements needed for wellbeing or a "flourishing" life.

- The P denotes **positive emotion** such as experiencing happiness, contentment, pride, serenity, optimism, gratitude and hope. We believe that the Class of 2022 have much about which to be positive and for which to be grateful, and we encourage them to seek out positivity. It was very exciting to see their positivity today as they experienced the joy of seeing the results of hard work.
- The E denotes **engagement** in immersing oneself deeply in activities that use one's strengths to experience, of intense focus, and intrinsic motivation to develop. We commend our achievers of the Class of 2022 on the level of motivation and focus that they demonstrated in their matric year.
- The R denotes **relationships**, and we are acutely aware that positive, secure, and trusting relationships enhanced the schooling experiences of the Class of 2022.
- The M denotes **meaning** in belonging to and serving something with a sense of purpose and belief that it is larger than the self; and it is our belief that the Class of 2022 were fortunate to experience the sisterhood that is Collegiate.
- the A denotes **accomplishment** – pursuing success, mastery, competence, and achievement for its own sake. The results attained speak to the achievement of this grade in seeking out mastery.

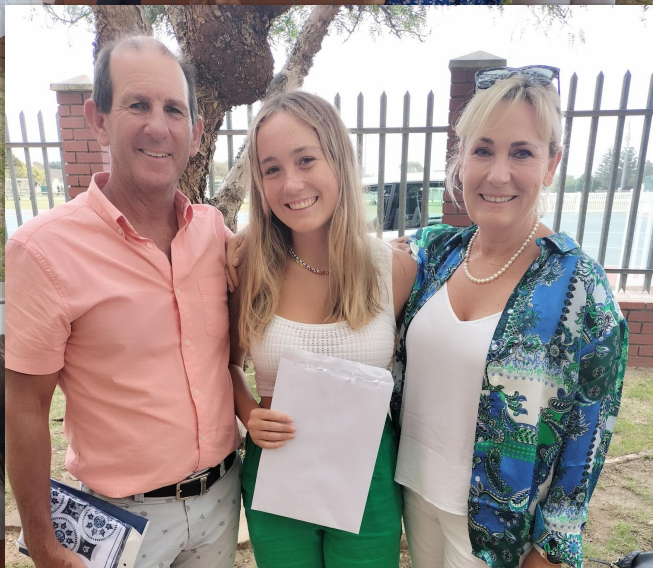

May the Class of 2022 enjoy a flourishing life in the years to come.

Yours in education,

Mrs Louise Frasmus
